Driving – Mini-excavator Familiarisation, Loading and Securing

Course Code: CT025

This course covers safe loading and securing of small mobile plant machinery, including mini-diggers. It's ideal for utilities contractors who are trained for machine use, but who haven't any formal training in transportation, trailer checks, securing of plant for transport and legal requirements.

Who is it for?

- Contractors required to transport mini-diggers from site to site
- Employers of the above – Managers and Supervisors

- Equipment loading
- Security and restraint of load
- Unloading and pre-checks
- Trailer inspection and hitch/un-hitch procedure
- Use of integral machine safety devices
- Legislation review
- Course assessment and review

Course at a glance

- Machine familiarisation and pre-checks
