Access – Working at Height

Course Code: CTO05

This course gives delegates an understanding of the Work at Height Regulations 2005, and what they mean for both employer and employee. It covers risk assessments and shows delegates how to plan work at height, including equipment selection and how to prevent falls.

Who is it for?

- Employees working at height
- Employers of the above – Managers and Supervisors

Course at a glance

- Health and Safety legislation including Work at Height Regulations, what it means for employers and employees

- Safe use of equipment – ladders, steps, towers and MEWPs
- Inspection, storage and maintenance of equipment
- Selection of appropriate equipment for task
- Risk assessment
- Course assessment and review
