# Access – IPAF Mobile Elevating Work Platforms (MEWPs) – Scissor or Boom Lifts

**Course Code: CTO04**

This is the internationally recognised operators course. It teaches delegates how to use certain types of MEWPs, giving them the skills to drive safely. It concentrates on the Scissor Lift (SL) or the Self Propelled Boom (SPB).

### Who is it for?

- Employees operating MEWPs including the Scissor Lift (SL) OR the Self Propelled Boom (SPB)
- Employers of the above – Managers and Supervisors
- Overhead obstructions and ground conditions
- Operator instruction on Scissor or Boom lift type machines
- Identification of components
- Starting and stopping the machine
- Written assessment
- Operator assessment
- Course assessment and review

### Course at a glance

- Introduction to MEWPs
- Pre-use checks and inspection
